### 3. Incident Objectives

#### MANAGEMENT OBJECTIVES:

1. Establish and maintain command and control of the scene.
2. Protect the rights, safety and health of students and employees, while eliminating the threat of violence and criminal behavior.
3. Maintain control of university buildings and other property.
4. Assess damages to the campus and mitigate/clean damaged and vandalized areas to restore Cal Poly Humboldt to a safe and functional state.
5. Proactively enforce the campus closure, informing all unauthorized personnel, community members and students of the need to vacate campus property. Issue citations and/or make arrests in accordance with law and policy.

### 4. Incident Operational Definitions

1. Spotters have been seen throughout Humboldt County watching, filming and photographing law enforcement activity to inform the larger group of demonstrators of law enforcement movement and locations.
2. The demonstrators have a stated anti-law enforcement ideology and have demonstrated a willingness to utilize resistive violence.
3. Numerous faculty, students and community members have continued to unlawfully access the campus despite the ongoing closure. All unauthorized personnel should be informed of the need to leave the premises, and shall be cited or arrested accordingly for noncompliance.
4. Intelligence suggests ongoing disruption from the occupiers/demonstrators throughout the county, with a high likelihood of large disruptive protests on and off campus.

#### 6. Incident Operational Period Command Emphasis

1. Nobody gets hurt, safety must be prioritized in all endeavors.
2. Everyone will comply with law and policy. Any questions should be addressed with leadership.

During the operational period, the emphasis of assigned law enforcement will be to maintain law and order on campus, engaging in enforcement action for all violations of applicable law and policy.

#### ENFORCEMENT POSTURE:

The campus has been closed under the authority of the President. Remaining individuals violate PC 602(m). Occupying protesters have been deemed an unlawful assembly. Failure to disperse constitutes a violation of PC 409. Vandalism has occurred to such an extent that it constitutes a felony. Individuals have acted in concert to further crimes such that a conspiracy has occurred. Occupying individuals assaulted peace officers in violation of PC 245 and PC 69. The crimes mentioned above continue to occur. Enforcement will occur should demonstrators fail to disburse and/or other crimes in progress occur. All non authorized personnel, community members and students present on campus will be contacted and cited or arrested appropriately.

## INCIDENT ACTION PLAN

### ICS-202:OBJECTIVES

<b>1. Incident Name:</b> Siemens Hall Occupation	<b>2. Incident Number:</b> N/A	<b>Date From:</b> 04/30/24 <b>Time From:</b> 0800	<b>Date To:</b> 05/04/24 <b>Time To:</b> 1900

#### 7. Incident General Situation Awareness

On the evening of 22, 2024, several dozen Cal Poly Humboldt students and non-student activists organized a pro-Palestinian protest in and around Siemens Hall. The protest rapidly grew, resulting in the occupation of Siemens Hall by demonstrators and eliciting a response from university and local law enforcement to maintain safety and attempt to prevent the unlawful seizing of the building. The occupation continued for seven days and occupiers have caused extensive damage to Siemens Hall and surrounding campus facilities. At approximately 0245hrs on 30APR2024, a combination of local, regional and state law enforcement agencies conducted an operation to regain control of the campus quad, Siemens and Nelson Halls.

Intelligence suggests that although the occupation of Cal Poly Humboldt has been disbursed, continued attempts from demonstrators to engage in disruptive and unlawful behavior on campus may continue.

#### USE OF FORCE:

The use of force by law enforcement personnel is a matter of critical concern both to the public and to the law enforcement community. Even at the lowest level, the use of force is a serious responsibility. Only that force which is reasonably necessary pursuant to law and policy will be used. All incidents of use of force shall be documented in an arrest report/incident report and a use of force report. Officers should consider the severity of the crime or incident, whether there is immediate threat to the safety of the officers or others and the level of resistance used by the subject. Prior to the use of force, if practicable, a warning should be given.

#### DETENTIONS AND ARRESTS PROCEDURES:

Team Leaders are asked to initiate those lawful and practical opportunities that arise to contact, detain, identify, search, seize (weapons/contraband/evidence) and arrest (when appropriate) persons in order to help prevent later disturbance or to aid in later investigations.

The identity of every person detained (even if not arrested) shall be recorded. Including the reason for the detention. Any items seized shall be noted in an appropriate case report, and the item shall be labeled with the subject's name.
